A safe rally is a good rally
If one car goes off, the next might too. If you have to assist then always ensure that one person acts as lookout.

EXPECT THE UNEXPECTED

**RALLY
FUTURE**

Spectate Safely

Your safety - your life
Stay at the designated spectator areas.
Remember that in an accident anything can happen.
Always follow the instructions of the marshals.

#rallysafety motorsportuk.org/rallysafety

Whether you are a novice spectator or a seasoned fan, **EVERYONE** should take time to plan their day's spectating particularly with safety in mind. The following points may be helpful for your planning:

Motorsport can be dangerous and despite the Organisers taking all reasonable precautions, unavoidable accidents can and do happen. In respect of these, you are present at your own risk.

\\ PREPARATION \\

- Use the on-line information or the information contained in this Event Spectator Guide to carefully plan your day at the rally.
- Wear sensible clothing, and dress appropriately for the expected weather conditions. Sturdy footwear is strongly advised.
- Infants and children should always be accompanied by an adequate number of adults who are responsible for their behaviour and safety at all times.
- Do not bring dogs to the event, as they can be startled by the loud noises and cause a danger to others. Please leave them at home, not in your car. Only assistance dogs are permitted, and they must be kept on a lead at all times.
- Allow enough time for your travel to your chosen stages (remember some of our roads in Dumfries & Galloway are narrow). Include time to walk to your chosen viewpoint and plan to be in place 30 minutes before the times published in this document.

- Park in a safe place.
- If you intend to stay for Leg 2, you should bring a torch to aid your safe return to your car.

\\ ON THE STAGES \\

- Please obey all instructions given by rally officials and marshals. They are there to ensure the safety of you and your fellow spectators.
- Take responsibility for yourself and those with you.
- Take responsibility for others - if you see people behaving inappropriately, they are jeopardising the event for everyone.
- If you decide to leave before the last competitor, please do not walk on a live stage. Always use forest paths for access/egress or walk behind the tree line.
- Better still, stay in your spot and enjoy all the cars, but be aware that after the Sweeper Car **SWEeper** has passed there may still be other non-competitive vehicles moving on the stage.
- Take care on slippery or uneven surfaces.
- Please take all litter home with you or place in the bins provided.
- Do not light fires or barbeques - they can cause major fires, with serious consequences.
- Do not bring fireworks to the event – they are very dangerous and could cause injury to other competitors, or spectators.
- The rally takes place in an area containing important agricultural, forestry and nature conservation interests; respect these, and follow the Countryside Code at all times.

\\ SIGNAGE TO LOOK OUT FOR \\

\\ CHOOSING A VIEWING LOCATION \\

- Respect the tapes and warning signs, these indicate the danger **NO GO** areas. Please stand well clear of these areas and under no circumstances enter within the taped-off areas.
- Stay above the road/stage level, never below.
- Always stand up, never sit down to watch a Rally; you cannot react to the un-expected when you are sitting.
- Do not stand in the straight on position at a junction - you will be moved.
- Beware of flying stones that may be thrown up by rally cars as they pass - they can travel long distances at high speed.
- Use the natural environment to keep safe i.e. stay behind a line of trees or on a high bank.
- Always remember that rally cars can do the unexpected.

\\ GUIDELINES \\

- Marshals and Officials are all volunteers and have the right to carry out their tasks without

being subject to abusive or threatening behaviour. Please help keep our event friendly and allow us all to enjoy our day out.

- Consider your own & others safety at all times.
- Evacuation procedure; in the unlikely event that evacuation is required, always follow the Marshals' instructions. They will help identify the best route out of the forest.

\\ EVENT FORMAT \\

- A number of 'Official' and 'Safety Cars' will travel through the stage prior to the first competing car, they each have various sporting and safety duties, but any of them may ask you to move if they are concerned for your safety.
- The final Safety Car is the Zero car. It will carry the number **0** on the door and will run approx. 5 minutes in front of the first competing car.
- Competing cars will enter the stages at 1 minute intervals, subject to some spaces where cars have dropped out of the event.
- The stage remains live until the Sweeper Car passes.

OUR EVENT SPONSOR, JOCK ARMSTRONG, IN ACTION © EDDIE KELLY

We hope you enjoy your day at the Armstrong Galloway Hills Rally, but remember, that if you or others do not follow instructions and a stage cannot be run safely, it will be stopped and/or cancelled. **We all need to work together to ensure our sport can continue into the future.**

Spectator Stage Details and Viewing Information can be found on **pages 15-18**

SPECTATE SAFELY!

- **Be alert!** Always expect the unexpected.
- Stay at the designated spectator areas.
- Remember that in an accident anything can happen.
- Always follow the instructions of the marshals.

It would be impossible for us to organise the **Armstrong Galloway Hills Rally** without the financial backing of our **Headline Sponsors**, the support of our **Marshals and Volunteers**, and the generous support of our **Event Partners** and **Friends of the Galloway Hills Rally**.

Without the combined generosity of these people, there would be no Rally, so be sure to check them out if they offer the goods or services you are looking for.

HEADLINE SPONSORS

With five separate outlets including construction, surfacing, properties, forestry and renewables, **The Armstrong Group** is one of Scotland and north west England's leading contractors. The Dumfries-based family-run company first teamed up with the Galloway Hills Rally in 2000, and will mark the 24-year Anniversary by once again becoming our title sponsor in 2023.

www.armstrong-group.co.uk

Molplant Construction (MCL) cover many aspects of construction and plant operations. Working with clients across Scotland, from local projects in Dumfries and Galloway to Central belt and North of England, MCL has the experience to deliver tailored solutions to each of our customers.

Armstrong Renewables (Scotland) Ltd can supply woodchip fuels to meet a wide range of customer requirements, either on contract or single delivery. Loads can be delivered or collected across Dumfries and Galloway and transported to our biomass-processing site in Dalbeattie.

R Earsman Ltd has built its reputation on innovation and quality of service, and are committed to providing customers with best value construction solutions. With a dedicated team of experienced tradesmen, skilled in all aspects of general building trades, R Earsman Ltd pride themselves in the work they do within our local and rural areas and within the community.

Offering development and letting opportunities across Dumfries and Galloway for Commercial Development and Letting and Residential new-builds, **Armstrong Properties (Scotland) Ltd** can offer clients a complete turnkey package from site acquisition through to supplying a completed property for either purchase or rent.

The Armstrong Galloway Hills Rally is grateful to be a recipient of a grant from **Dumfries and Galloway Council's** Major Festivals and Events Strategy, a local authority fund set up to assist the development of events within the region.

Peacock Tarmac & Plant Hire are another important Friend of the Galloway Hills, who we could not do without, providing us various vehicles for the event.

EVENT PARTNERS + FRIENDS OF THE GALLOWAY HILLS RALLY

Developed over the last 5+ years by an international team of ex-drivers and co-drivers whose involvement has been up to and including WRC level as both competitors and officials, the GEOTRAQ system from **RBI Sport** is the first FIA-certified tracking system in the world.

www.rbi-sport.com

Rally Car Hire & Event Preparation Specialists **Dom Buckley RSC** are one of the busiest preparation companies in UK rallying, fielding multiple cars almost every weekend. The boss was also the winner of this event 30 years ago in 1993. When offered a discounted entry to mark the occasion, he instead made a generous donation to our light tower fund. Probably safer... 😊
